Nashua, New Hampshire 03062

November 4, 2009

Dear Parents/Guardians of NHSS Music Department Orlando Trip Participants,

Due to the high increase in the cost of airfare, we regret to inform you that the cost of the NHSS Music Department trip to Orlando, Florida has increased by \$50 per student. This makes the total cost of the trip now \$1115. At this time students will also need to purchase their own lunch on the final day of the trip.

We are actually saving money (\$140 per person) flying out of Manchester rather than Boston. We did look into ground transportation via coach buses, but students would miss three days of school (we have been approved for two days), travel through the night twice in five days and lose out on time on the parks, which could result in fewer performances in Disney.

We apologize for the inconvenience. We will be working with the boosters to see about adding in a final fundraiser, which had been left as "optional", for the month of March.

Thank you for your understanding.

Sincerely,

Anthony Courounis, Jr

Sophia M. Santerre
